ART SCHOOL WORCESTER

Art Classes

FOR AGES 18+

Our Adult classes are designed for those who want to develop their artistic skills in a focused, supportive studio environment to gain confidence, improve technical ability and create artwork they can be genuinely proud of.
Whether returning to art or building on existing experience, students refine drawing and painting techniques through structured projects, observation work and personalised guidance.

Term Time Classes

Throughout the term, students will explore drawing, painting, sculpture and mixed media through a varied programme of creative projects. From charcoal studies and Greek-inspired pottery to expressive wildlife illustrations and artist-inspired landscapes, students will experiment with materials including acrylics, gouache, watercolour, ink, oil pastels and clay, while developing their technical skills and individual artistic style.
